- No. 114. Collection of 100 bulbs 1 inch and up in diameter in at least 30 varieties and in many different shades for \$3.00, 50 for \$1.75, 25 for \$1.00. These are all standard varieties and most of them are listed in my catalog. If the varieties were kept separate and labeled they would be worth at least twice the price charged. I believe this to be the finest collection offered by any grower at the price, and better than most collections regardless of price. I have many fine testimonials from people who had this collection last year.
- No. 115. Collection of Primis. 100 one inch up in size, 25 or more kinds, same price as above collection. 50 and 25 same as above.
- No. 116. Collection same as No. 114 but in size from $\frac{1}{2}$ inch to 1 inch. These will practically all bloom but the flowers will not be so large the first year as the larger bulbs will produce. They will bloom later. 100 for **\$1.50.**

RAINBOW COLLECTION

For beginners and those who do not want to bother with keeping the varieties separate I suggest my Rainbow Collection. This is a collection of 100 large (1 inch up, mostly up) bulbs in 30 or more varieties in various shades of red, pink, blue, white, smoke and others. These are all first class varieties and sure to please but are not labelled. I honestly believe this to be the finest collection offered by anyone for the price and better than most collections regardless of price.

100 for \$3.00; 50 for \$1.75. All prepaid.

If you do not like certain shades I can leave them out and put in more of others.

A Few Testimonials

"The bulbs I got of you last year gave perfect satisfaction."

"I have never been more pleased with bulbs than I was with those I purchased from you last season and that is saying a great deal for not less than 50 catalogs are sent to me yearly and I have patronized most of them all the way to the west coast."

"The collection I got from you last year was simply superb."

"My bulbs arrived last evening and were in the pink of condition, indeed a very fine lot. I am more than pleased with them and right here please accept my sincere thanks for all the extras you put in on every variety. The more business I do with you the more I want to, not alone because of your generosity but because I believe from past and present experience, in fact I know that you not only do as you agree but much more and if the gladiolus buyers realized your honorable dealings with your customers you could not begin to supply the demand."

The above is from a customer who has sent me several big orders, both last year and this.

"I want to thank you for the beautiful bulbs of Persia you sent me. What do you use for a disinfectant to treat your bulbs?"

If space permitted I could give you many more equally strong testimonials.
